

Thursday, April 20th Benchrest Match

Thursday's Benchrest match saw 13 shooters come out on a perfect day to shoot. There is nothing better than to be at PHA on a beautiful spring morning with a group of your friends. Everyone came early, with each bench filled by 7:00 am. It is hard for me to believe that people get up that early to come out to shoot.

The largest class was the light sporter with 7 shooters, followed by the sporter class with 6 shooters. Dustin Smith doubled up with wins for the open site class and a tie with Keith Raulston in the sporter class. Both were shooting Vudoos. Randy Davis, using a CZ457, won the light sporter class with a 250/17X's. Randy said that this was his highest score ever. Congratulations to Dustin, Keith & Randy on some great shooting!

Thanks for all who came out early to help set up Thursday. Our next matches will be May 20th & 25th. Hope to see you there!

Match Results:

Light factory: Tom Whitlow - CZ452 250/ 9X's
