

Thursday September 21st Benchrest Results:

As I predicted last week (if Thursday's weather was nice) the scores would be high. Thursday was nice and some of the highest scores of the year were shot in all classes. All 13 shooters shot some of their best scores of the year.

With the shortage of 22 ammunition, our shooters have told me they have not been able to practice at all, saving their ammunition for matches. Even without practice, our scores are increasingly getting better & better.

Our largest class Thursday was the sporter class with 9 shooters. David Motsinger, shooting an Anschutz with Lupua Center X ammunition, shot a 250/20X's to win the class. Marty Foor & Marc Talbert battled it out in the light sporter class shooter their Tikkas with Marty taking the class with a 250/21X's. Gary Madden shot his way into the "300" Club shooting his 1937 Remington 37 with a 300/23X's in the open sight class.

The big winner of the day was Roger Yates winning the prestigious Harbor Freight award. Roger selected a hunting knife.

We have only 2 more matches left this year so don't miss your chance to come out and shoot our benchrest matches, October 21st & 26th.

Thanks to Dave Roberts for coming out early to help set up the range.

Match Results:
