

## **Thursday April 25th Benchrest Results:**

Thursday saw 9 shooters come out to test their marksmanship skills. At the time we started shooting the wind picked up slightly which is unusual for 8:00 am at PHA. Wind is not a problem if it stays constant as it did on Thursday. Scores were about average for everyone.

Our largest class was the "Budget" class again this month. Keith Raulston shooting his CZ455 with Aguila ammunition shot a good score of 250/11 X's to win the class.

David Motsinger won the Sporter class with his Anschutz 54 shooting SK pistol ammunition won the class with a 250/16 X's.

Gary Madden out-gunned the other 4 shooters in the Open sight class. Gary shot a Remington 37 with Center X ammunition won the class with a score of 300/19 X"s.

The Harbor Freight prestigious award went to David Motsinger. David chose a Harbor Frieght 1/2 drill press for his award.

Special "thanks" to Dave Roberts for coming out early to set up the range.

Our next matches will be May 18th and 23rd.
