

Thursday's Benchrest Match - March 21, 2024

Thursday's benchrest match saw 9 shooters come out on a cool & breezy morning. We only had to shoot 2 relays and were done by 9:30.

Our largest class again was our new "Budget" class with 7 shooters competing for that blue ribbon. Doug Nance, shooting his Remington 40X won the class with a score of 250/8X's shooting Aguila ammunition. The light sporter's class was next with 5 shooters. The "X" counts, as always, separates the first 3 places, with Marc Talbert taking the win with a 250/17X's, shooting a Tikka. Marty Foor, also shooting a Tikka, was 2nd place with a score of 250/15X's.

The biggest surprise of the day was the Sporter class where none of the 5 shooters shot a 250. Granted the ten ring is smaller than the other targets. This is unusual and hasn't happened in years. Hopefully it is just early in the season.

The Harbor Freight award was won by Marty Foor. Marty chose a 3 pack of super glue for his award. Our next match will be Saturday, April 20th & Thursday, April 25th.

For more info on benchrest shooting go to the PHA website. Hopefully we will see you at our next match. We have classes for any 22 rifle. Entry fee is only \$5.00.
