

PHA Field Target Match Results  
August 28, 2021

We had 6 shooters show up for the match. It was warm with no breeze and stayed comfortable shooting in the shade.

I would like to thank all the shooters that showed up to make this a successful match. We shot a 17-lane match with 68 shots.

**Just a note.**

We have started to replace and upgrade all targets in preparation for the NC State Championships on October 23, 2021. Most of them have been done only a few more left to do.

**Reminder**

You must register for the NC State Championships on-line. We need to know how many shooters in advance so we can have enough food.
