

PHA VINTAGE MATCH RESULTS 18 Dec 2021

PHA had the last Vintage match of the year, and the weather was a little chilly and rainy off and on. We had nine competitors there to shoot with a good variety of old military stuff. There was a K-31, a Swiss Vetterli, one 03A3, an AK with scope, and 2 AR's and one AR in .22.

William Lane was High Overall Vintage with a 272-1x firing his M1. Kevin Sallaz shot his scoped AK "sniper rifle." Matthew Murdock came and shot a borrowed 03A3 for his first match of any kind. I hope he got the bug and comes back.

If weather and participation cooperate, our planned Vintage matches will be on the 4th Sat of Jan, Feb, and March. If you want to get 1 of your old vintage military rifles out of the closet and have some fun, come shoot with us. We shoot a 30 rd course, but there has been a little discussion about making the matches 40 rds. We run the course twice so that everyone has the chance to change rifles and shoot something different.

If you have any questions about the course or weapons, email one of us.

Thanks and have a great Christmas and New Year,

Wayne and Neil

Competitor	RIFLE	SCORE
Askew, Andy	Bolt Action- Swiss Vetterli	241-1
