

PHA HIGH POWER MATCH RESULTS

27 May 2023

PHA's first NRA match for 2023 was held this past Sat, 27 May (our April match was canceled due to a severe weather front). We had threatening weather which never really hit us before we finished. It started as a drizzle not too long after we got everything put up and scores tallied.

There were 11 competitors who dared the rain to get them and they won. Kevin Overcash came to his first match, Elliott Kirkman and Allan Apperson shot with PHA for the first time (for Allan it had been several years).

Spencer Strickland was the overall winner with a 489-15x and Travis Rushing was second with a 486-12. Congratulations to both. Several other shooters were close and shot well.

Our next match will be Sat, 24 June. We received the approval for our NRA matches last week, so all scores will be sent to NRA for classification purposes.

Thank you to all competitors for set up, break down, and helping to run a smooth match.
