

PHA HIGH POWER MATCH RESULTS 23 SEPTEMBER 2023

Our September NRA match was held this past Saturday. Seven competitors braved the elements to shoot the match. It was cool, but plenty of moisture came along with the temp. We never had any hard rain, just a lot of misty drizzle.

William Lane was the overall winner with a 474-6 and Elliott Kirkman was again second with a close 473-5, and Stephen Tate placed third with a 472-10. We had very close scores for the top three. Lawson Cherry, our junior shooter, is learning fast and it probably won't be long before he starts up the ladder on the NRA classification trail.

Our next HP match will be Sat, 28 October 2023. Remember the Oct match will be an 80 rd course and hopefully the weather will be a little nicer to us.

Thank you to all competitors, as always, for set up, break down, and helping to run a great match.

Wayne and Neil

High Power Match Scores
