

PHA VINTAGE MATCH RESULTS

27 April 2024

Our April Vintage match for 2024 was held this past Saturday. The weather was great for shooting. Eight competitors showed up to participate. We had 2 newcomers participate, William Shaw and Clay Bowen. They both shot vintage Mosin Nagants.

The high vintage shooter was Andy Askew with his M1. Andy also fired his old Swiss Vetterli in .41 rimfire which he converted to fire as centerfire.

Our next match will be Sat, 25 May 2024. It will start our NRA High Power matches, with 500 aggregate (50 rds) for the course. All NRA matches this year are scheduled to be 500 aggregates except for the Oct match which will be an 800 aggregate.

Our first attempt at a Vintage sniper match was held after the vintage match and 3 “snipers” tried out the course. Will shot his Mosin Nagant with scope and Andy fired his scoped 03A4, with Wayne trying out a modern style sniper rifle just to run a few rds through the barrel. Scores were not kept this time. We will try again in the near future and invite anyone to try out our short 8 rd course at 100 yds.

Wayne and Neil
